

FlexiVan Celebrates ***National Truck Driver Appreciation Week***

FlexiVan joins the American Trucking Associations (ATA) in celebrating this year's *National Truck Driver Appreciation Week*, recognizing the 3.5 million truck drivers dedicated to ensuring the safe and reliable transport of goods throughout our country.

During this past week, all FlexiVan Service Centers have been welcoming motor carriers with refreshments, snacks and small tokens of appreciation for the important role they play in our industry and communities.

"It's recognition for the hard work and commitment these men and women have in getting the job done - safely and on time. In all weather conditions and hours of the day, these professional drivers play an essential role that often goes unseen, but is so critical to supplying the various needs we have in our daily lives," said Greg Moore, EVP and CCO of FlexiVan. "We thank them for all that they do!"
