

FlexiVan Pool Booking System

Now Open for FCCP Bookings

FlexiVan is pleased to announce that our new **Pool Booking System** is now available for all FCCP chassis bookings through our FlexiVan.com website.

Starting Thursday, September 17th, all motor carriers should use this site going forward to make their FlexiVan Central Chassis Pool (FCCP) reservations. Our dedicated platform can be found [here](#) or by going to the [FlexiVan.com](#) homepage under "Products > Pool Chassis > Book FCCP Chassis".

All current FCCP registered* customers should have recently received an email from FlexiVan containing their temporary password to access the new Pool Booking System. Once your password has been reset in the new system, you can begin booking FCCP chassis. A "User Guide" is available to help you through the new booking process, which can be found by clicking the blue button at the top of the main page.

Please don't hesitate to contact our **Customer Support** team if you should have any questions or need assistance booking your chassis: **Tel.# 1-866-88FLEXI**

*NOTE: FlexiVan is an active chassis provider participant with the Uniform Intermodal Interchange and Facilities Access Agreement (UIIA). All motor carriers must be registered with the UIIA and have completed both the UIIA FlexiVan addendum and credit application before making bookings. [Register Here](#)
